Architectural guide. South Africa (Book, 2014) [WorldCat.org]
Every type of architectural style has a history to it. But as the South African architectural landscape is still relatively young (compared to Europe and America), our country offers fewer house design styles. However, South Africa still has its fair share of designs (and architects) to brag about. Many of these are 20th century modern, but one doesn't have to look very far to see modern homes borrowing from other designs and periods.
