British Politics: A Very Short Introduction explores the history of British politics, looking at whether the present instability is an aberration, the result of long-standing fault lines, or both. Current events are placed within a longer, larger perspective, focusing on Britain's constitution, its polarized political culture of debates and disagreements, the importance of party politics, and the meaning of representative democracy now.

British Politics: A Very Short Introduction - Very Short ...

British politics, notes Tony Wright, is arguably Britain's greatest gift to the world. In this Very Short Introduction, Wright offers a brilliant interpretative essay on the British political system. The author, an academic and recent Member of Parliament, illuminates the key characteristics and ideas of the British tradition, and investigates what makes British politics distinctive, while emphasizing throughout the book how these characteristics are reflected in the way the political system ...

An interpretative essay on the British political system looks at the key characteristics and ideas of the British tradition, explores what makes British politics distinctive, and considers how the system continues to evolve.

This is an interpretative essay on the British political system rather than just an abbreviated textbook on how it currently works. The author identifies key characteristics and ideas of the British tradition.

Tony Wright's Very Short Introduction to British Politics is an interpretative essay on the British political system, rather than merely an abbreviated textbook on how it currently works. He identifies key characteristics and ideas of the British tradition, and investigates what makes British politics distinctive, while emphasizing throughout the book how these characteristics are reflected in the way the political system actually functions. Each chapter is organized around a key theme, such as the constitution or political accountability, which is first established and then explored with examples and illustrations. This in turn provides a perspective for a discussion of how the system is changing, looking in particular at devolution and Britain's place in Europe.

Examining the forces of consensus and of conflict in 20th century Britain, this account weaves cultural and artistic themes into the analysis, along with the distinct national experiences of Scotland, Wales and Ireland.

The revised and updated eighth edition of the bestselling textbook Politics UK is an indispensable introduction to British politics. It provides a thorough and accessible overview of the institutions and processes of British government, a good grounding in British political history and an incisive introduction to the issues facing Britain today. With contributed chapters from respected scholars in the field and contemporary articles on real-world politics from well-known political commentators, this textbook is an essential guide for students of British politics. The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition. The eighth edition includes: · Britain in context boxes offering contrasting international perspectives of themes in British politics. · A comprehensive 'who's who' of politics in the form of Profile boxes featuring key political figures. · And another thing ... pieces: short articles written by distinguished commentators including Jonathan Powell, Michael Moran and Mark Garnett. · Fully updated chapters plus new material providing excellent coverage of contemporary political events including: The Leveson Inquiry, the aftermath of the 2011 riots and the House of Lords reform. · A vibrant and accessible new design to excite and engage students as the work through a variety of political topics. · A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government, including an overview of the major differences that divide the coalition partners.

The British constitution is regarded as unique among the constitutions of the world. What are the main characteristics of Britain's peculiar constitutional arrangements? How has the British constitution altered in response to the changing nature of its state - from England, to Britain, to the United Kingdom? What impact has the UK's developing relations with the European Union caused? These are some of the questions that Martin Loughlin addresses in this Very Short Introduction. As a constitution, it is one that has grown organically in response to changes in the economic, political, and social environment, and which is not contained in a single authoritative text. By considering the nature and authority of the current British constitution, and placing it in the context of others, Loughlin considers how the traditional idea of a constitution came to be retained, what problems have been generated as a result of adapting a traditional approach in a modern political world, looking at what the future prospects for the British constitution are. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

In this provocative but balanced essay, Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century. He prompts us to consider why political systems evolve, how politics offers both power and order in our society, whether democracy is always a good thing, and what future politics may have in the twenty-first century. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting

and challenging topics highly readable.

Over the last two decades British politics has undergone a remarkable transformation. While some components of the system have been eroded, such as voter turnout and membership of the big parties, other parts have flourished, such as nationalist parties, the insurgent UKIP, as well as the new media. *British Politics: The Basics* analyses these changes and places them within the context of the evolution of British society from absolute monarchy to representative democracy. It considers each of the major components of British politics, such as the Monarchy and the House of Lords, the Commons, voting behaviour, parties and pressure groups, the Prime Minister and Cabinet, devolution, local government, and foreign policy. Its contents include coverage of recent events such as the Scottish Referendum and the 2015 General Election. This readable and comprehensive introduction will be of key interest to A-level students, undergraduates and those new to the study of British politics.

First published as part of the best-selling *The Oxford Illustrated History of Britain*, Christopher Harvie and Colin Matthew's *Very Short Introduction to Nineteenth-Century Britain* is a sharp but subtle account of remarkable economic and social change and an even more remarkable political stability. Britain in 1789 was overwhelmingly rural, agrarian, multilingual, and almost half Celtic. By 1914, when it faced its greatest test since the defeat of Napoleon, it was largely urban and English. Christopher Harvie and Colin Matthew show the forces behind Britain's rise to its imperial zenith, and the continuing tensions within the nations and classes of the 'union state'. ABOUT THE SERIES: The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Brexit has changed everything - from our government, to our economy and principal trading relationship, to the organization of our state. This watershed moment, which surprised most observers and mobilized previously apathetic sections of the electorate, is already transforming British politics in profound and lasting ways. In this incisive book, leading analysts of UK and EU politics Geoffrey Evans and Anand Menon step back from the immediacy and hyperbole of the Referendum to explain what happened on 23 June 2016, and why. Brexit, they argue, was the product of both long-term dissatisfaction with the EU and a gradual breakdown in the relationship between parties and voters that spawned detachment, disinterest and disenchantment. Exploring its subsequent impact on the June 2017 General Election, they reveal the extent to which Brexit has shattered the contemporary equilibrium of British politics. These reverberations will continue to be felt for a very long time and could pose a real danger to the health of British democracy if the government fails to deliver on the promises linked to Brexit.
