Student Stories | Royal College of Art
After early attempts to work in insurance at his father's behest, Parry was taken up by George Grove, first as a contributor to Grove's massive Dictionary of Music and Musicians in the 1870s and 80s, and then in 1883 as professor of composition and musical history at the Royal College of Music, of which Grove was the first head. In 1895 Parry succeeded Grove as head of the college, remaining in the post for the rest of his life.

This book explores the physics and technology inherent to preserving and restoring old forms of transport as well as creating modern transport for today and for our future needs. This book provides readers with interesting insight into some of the diverse applications for physics outside of research laboratories. It also covers several different aspects of transport, ranging from the restoration of vintage buses to the materials used in the latest supercars.

This work accompanies a multi-million pound BBC drama that explores the reality of the man behind the beard. Far from the caricature of films and novels, Blackbeard was a complex character who was a charming as he was ruthless.
