Naked trading is the simplest (and oldest) trading method. It's simply trading without technical indicators, and that is exactly what this book is about. Traders who use standard technical indicators focus on the indicators. Traders using naked trading techniques focus on the price chart. Naked trading is a simple and superior way to trade

## **Naked Forex The Simple Daily Strategy That Will Change The ...**

'Naked Forex' (by Walter Peters) is the latter, the book offers a very practical approach to trading the Forex markets. It does not offer page after page of text that teaches about position sizing, risk reward ratios and other Forex principles, instead the book is full of price chart illustrations and provides the reader with a way to make money using "naked" price charts (another term for pure price action trading).
