The Saab 9-3 is a compact executive car that was originally developed and manufactured by the Swedish automaker Saab. I bought my silver Saab 9-3 Convertible as a one-owner from a woman who owned a hairdressing salon in Bournemouth. It was very low-mileage at 60K and immaculate, which it still is, as I look after it. It drives beautifully, with a nice Turbo kick when needed and although it has a bit of scuttle shake as it is a convertible, that doesn't bother me.

The Saab 9-3 saloon is a car styled after an aeroplane. The Saab brand has always appealed to buyers looking for something a little different to the mainstream and the 9-3 is a prime example. It's less obvious than a BMW for instance and has an air of understated style about its looks while still retaining a premium reputation.
