The Echo from Dealey Plaza en Apple Books

The echo patterns in a complex environment such as Dealey Plaza are unique, so by conducting the reconstruction, the committee could obtain unique "acoustical fingerprints" of various combinations of shooter, target and microphone locations.

The first African-American agent to serve on the White House Secret Service detail describes the racism he confronted, his efforts to expose the Secret Service's negligence in JFK's assassination, and the destruction of his career due to a false bribery charge.

Winner of the PEN Center USA Literary Award for Research Nonfiction Named one of the Top 3 JFK Books by Parade Magazine. Named 1 of The 5 Essential Kennedy assassination books ever written by The Daily Beast. Named one of the Top Nonfiction Books of 2013 by Kirkus Reviews. In the months and weeks before the fateful November 22nd, 1963, Dallas was brewing with political passions, a city crammed with larger-than-life characters dead-set against the Kennedy presidency. These included rabid warriors like defrocked military general Edwin A. Walker; the world's richest oil baron, H. L. Hunt; the leader of the largest Baptist congregation in the world, W.A. Criswell; and the media mogul Ted Dealey, who raucously confronted JFK and whose family name adorns the plaza where the president was murdered. On the same stage was a compelling cast of marauding gangsters, swashbuckling politicians, unsung civil rights heroes, and a stylish millionaire anxious to save his doomed city. Bill Minutaglio and Steven L. Davis ingeniously explore the swirling forces that led many people to warn President Kennedy to avoid Dallas on his fateful trip to Texas. Breathhtakingly paced, DALLAS 1963 presents a clear, cinematic, and revelatory look at the shocking tragedy that transformed America. Countless authors have attempted to explain the assassination, but no one has ever bothered to explain Dallas-until now. With spellbinding storytelling, Minutaglio and Davis lead us through intimate glimpses of the Kennedy family and the machinations of the Kennedy White House, to the obsessed men in Dallas who concocted the climate of hatred that led many to blame the city for the president's death. Here at long last is an accurate understanding of what happened in the weeks and months leading to John F. Kennedy's assassination. DALLAS 1963 is not only a fresh look at a momentous national tragedy but a sobering reminder of how radical, polarizing ideologies can poison a city-and a nation.

The assassination of President John F. Kennedy was an appalling and grisly conspiracy. In this unvarnished story, Kaiser shows that the events of November 22, 1963, cannot be understood without fully grasping the two larger stories of which they were a part: the U.S. government ' s campaign against organized crime, which began in the late 1950s and accelerated dramatically under Robert Kennedy; and the furtive quest of two administrations to eliminate Fidel Castro. This book brings to light the complete, frequently shocking, story of the JFK assassination and its aftermath.

The New York Times bestselling and extraordinary true story of the critical events leading up to and following the assassination of President John F. Kennedy, as told by the Secret Service agents who were firsthand witnesses to one of America ' s greatest tragedies. The Secret Service. An elite team of men who share a single mission: to protect the president of the United States. On November 22, 1963, these men failed—and a country would never be the same. Now, for the first time, a member of JFK ' s Secret Service detail reveals the inside story of the assassination, the weeks and days that led to it and its heartrending aftermath. This extraordinary book is a moving, intimate portrait of dedication, courage, and loss. Drawing on the memories of his fellow agents, Jerry Blaine captures the energetic, crowd-loving young president, who banned agents from his car and often plunged into raucous crowds with little warning. He describes the careful planning that went into JFK ' s Texas swing, the worries and concerns that agents, working long hours with little food or rest, had during the trip. And he describes the intensely private first lady making her first-ever political appearance with her husband, just months after losing a newborn baby. Here are vivid scenes that could come only from inside the Kennedy detail: JFK ' s last words to his tearful son when he left Washington for the last time; how a sudden change of weather led to the choice of the open-air convertible limousine that day; Mrs. Kennedy standing blood-soaked outside a Dallas hospital room; the sudden interruption of six-year-old Caroline ' s long-anticipated sleepover with a friend at home; the exhausted team of agents immediately reacting to the president ' s death with a shift to LBJ and other key governmental figures; the agents ' dismay at Jackie ' s decision to walk openly from the White House to St. Matthew ' s Cathedral at the state funeral. Most of all, this is a look into the lives of men who devoted their entire beings to protecting the presidential family; the stress of the secrecy they kept, the emotional bonds that developed, the terrible impact on agents ' psyches and families, and their astonishment at the country ' s obsession with far-fetched conspiracy theories and finger-pointing. A book fifty years in coming, The Kennedy Detail is a portrait of incredible camaraderie and incredible heartbreak—a true, must-read story of heroism in its most complex and human form.

An original and illuminating narrative revealing John F. Kennedy's lasting influence on America, by the acclaimed political analyst Larry J. Sabato.

SSuggests that John F. Kennedy was assassinated because military leaders feared his dedication to peace would result in the United States falling to Russia

Traces the secret double life of a nineteenth-century scientist and surveyor of the post-Civil War American West, revealing how he was able to cross color lines and live a second life with an African-American wife and five multi-racial children.

Mark Lane tried the only U.S. court case in which the jurors concluded that the CIA plotted the murder of President Kennedy, but there was always a missing piece: How did the CIA control cops and secret service agents on the ground in Dealey Plaza? How did federal authorities prevent the House Select Committee on Assassinations from discovering the truth about the complicity of the CIA? Now, New York Times best-selling author Mark Lane tells all in this explosive new book—with exclusive new interviews, sworn testimony, and meticulous new research (including interviews with Oliver Stone, Dallas Police deputy sheriffs, Robert K. Tanenbaum, and Abraham Bolden) Lane finds out first hand exactly what went on the day JFK was assassinated. Lane includes sworn statements given to the Warren Commission by a police officer who confronted a man who he thought was the assassin. The officer testified that he drew his gun and pointed it at the suspect who showed Secret Service ID. Yet, the Secret Service later reported that there were no Secret Service agents on foot in Dealey Plaza. The Last Word proves that the CIA, operating through a secret small group, prepared all credentials for Secret Service agents in Dallas for the two days that Kennedy was going to be there—conclusive evidence of the CIA ' s involvement in the assassination.

The essays in this collection are a major advance in dealing with the Kennedy assassination, addressing a host of popular research myths which continue to perpetuate themselves and waste the time and energy of both novice and experienced readers.

Joseph Petro served for 23 years as a special agent in the United States Secret Service; eleven of them with presidents and vice presidents. For four of those years he stood by the side of Ronald Reagan. Following his career as a Navy Lieutenant, during which he patrolled the rivers and canals along the Vietnamese-Cambodian border, he worked his way up through the Secret Service to become one of the key men in charge of protecting the President. That journey through the Secret Service provides an individual look inside the most discreet law enforcement agency in the world, and a uniquely intimate account of the Reagan presidency. Engagingly, Joseph Petro tells "first hand" stories of: riding horses with the Reagans; eluding the press and sneaking the President and Mrs. Reagan out of the White House; rehearsing assassination attempts and working, then re-working every detail of the president's trips around the world; negotiating the president's protection with the KGB; diverting a 26 car presidential motorcade in downtown Tokyo; protecting Vice-President Dan Quayle at Rajiv Gandhi's funeral where he was surrounded by Yassir Arafat's heavily armed bodyguards; taking charge of the single largest protective effort in the history of the Secret Service-Pope John Paul II's 1987 visit to the United States; and being only one of three witnesses at the private meeting between President Reagan and Mikhail Gorbachev that ushered in the end of the Cold War. Joseph Petro provides an original and fascinating perspective of the Secret Service, the inner workings of the White House and a little seen view of world leaders, as a man who stood next to history.
