great book for keen amateurs and serious foodies alike.

There are some books we publish which, from the outset, you know are going to be special. This was true of this exciting book from Philip Howard: a collection of recipes from his

restaurant, The Square. We knew we wouldn't be able to do the recipes justice in one volume, so it became two - a first volume, Savoury, followed by Sweet. We knew we couldn't limit it to the conventional two pages per recipe and food photo, so they each became either 4 or 6 pages. We knew we

couldn't illustrate anything less than every one of those recipes, so one of the world's finest food photographers, Jean Cazals, did just that. And yet these measures are only a small part of why this book is so special. It is special because it represents a collection of recipes from 21 years of

one of the country's finest and most consistently fine restaurants. Special because the chef who has been at the helm of that restaurant for all of those years is recognised as one of the very best of his generation. But most of all, it is special because that chef has that rare ability to translate a genius in the

restaurant kitchen into the words of a book. This was evident from the day we received the first written recipe, and, with it, Phil's fiercely intelligent vision for how the book - and every recipe within it - should be structured. It is also manifest in the dozen or so essays that weave throughout, that
