The Trademark Identification (ID) Manual includes a wide range of entries, and the USPTO frequently updates the ID Manual to add more entries. Nevertheless, at times, the ID Manual may not include identifications or recitations that describe recently developed goods or services. To enhance the usefulness of the ID Manual, the USPTO will consider suggestions from the public for identifications ...

When we refer to files like MP3s, ZIPs, or PDFs, we're referring to the file type (or file extension) that allows the operating system to identify what type of file it is and what software is needed to open it. This is how Windows or macOS can determine that an MP3 file needs to be opened by your music
