Volition or will is the cognitive process by

Where To Download Volition And Personality

which an individual decides on and commits to a particular course of action. It is defined as purposive striving and is one of the primary human psychological functions. Others include affect, motivation, and cognition. Volitional processes can be applied consciously or they can be automatized as habits over

Where To Download Volition And Personality

An emerging body of research has begun to examine volitional personality change—people's desires and attempts to change their own personality traits.

Studies have found that the vast majority of people want to change aspects of their personalities—usually in order to attain an external goal (e.g., wanting to increase in
